- 3.7 When using an automated dealing device, the round of play shall be conducted in accordance with one of the following methods, namely "Method A", "Method B" or "Method C", as described in Rule 3.7.1 to Rule 3.7.3.
- 3.7.1 Method A:
- 3.7.1.1 Starting from the Dealer's left and continuing clockwise around the table, the Dealer shall deal three cards, face down, to each playing position containing a wager, followed by three cards, face down, to the Dealer and then three cards to be known as "Community cards" to the area designated for "Community cards". The third card of the "Community cards" (top card) shall be burned and discarded into the discard holder.

- 3.7.2 Method B:
- 3.7.2.1 Starting from the Dealer's left and continuing clockwise around the table, the Dealer shall deal three cards, face down, to each playing position containing a wager, followed by three cards, to be known as "Community cards" to the area designated for "Community cards". The "Community cards" shall be spread and the third card (top card) shall be burned and placed in the discard holder. After all the Players have made a decision on their respective hands in accordance to Rule 3.9, three cards shall be dealt, face down, to the Dealer.
- 3.7.3 Method C:
- 3.7.3.1 The Dealer shall deal three cards, face down, with an additional security card at the bottom, to the Dealer. The Dealer shall then deal three cards, face down, to each playing position containing a wager, and then three cards to be known as "Community cards" to the area designated for "Community cards". The "Community cards" shall be spread and the third card (top card) shall be burned and placed in the discard holder.
- 3.8 When using a manual dealing device, starting from the Dealer's left and continuing clockwise around the table, the Dealer shall deal one card, face down, to each playing position containing a wager and one card to the Dealer. This sequence shall be repeated until all playing positions containing a wager and the Dealer have three cards. Two "Community cards" shall then be dealt face down to the area designated for "Community cards".
- 3.9 After receiving and examining the 3 cards, the Player may decide to:
- 3.9.1 "Fold", which would result in the Player losing his "Ante" wager. If the Player folds, he shall still be eligible for any "Progressive Jackpot" payout in accordance with the Pay Table stipulated in Rule 4.4.
- 3.9.1.1 A Player may elect to "Fold" the "Ante" wager and play the "Pair Plus" wager.
- 3.9.2 Wager on "Play", which requires the Player to place a wager equivalent to the value of the "Ante" wager on the playing area marked as "Play" on the table layout. The Player's cards must be placed face down on the table with the "Play" wager placed on top of the cards.
- 3.9.3 Continue the round of play if the Player has only placed a "Pair Plus" wager without placing an "Ante" wager by placing the cards in the area marked "Play".
- 3.10 The Dealer shall expose his cards and compare the Dealer's hand to each of the Player's hand. The winning hand shall be the higher ranking three card poker hand.
- 3.10.1 The Dealer shall then expose the two "Community cards" to determine the outcome of "Progressive Jackpot" wagers.
- 3.10.2 In the event a Player declines a comparison of his hand against the Dealer's hand by not exposing his cards, the Player shall be deemed to have a hand that is ranked lower than the Dealer's hand and the Player's hand shall be deemed to have no winning "Progressive Jackpot" combinations. Such a hand shall not be returned to play and shall be considered settled. A Pit Supervisor or above may view the cards at his discretion.
- 3.11 If the Dealer does not have a poker hand containing at least one Queen or one card of higher ranking than a Queen, the Dealer shall not compare his hand against the Player's hand and:

- 3.11.1 There shall be no payment on the "Play" wagers.
 - 3.11.2 All "Ante" wagers shall be paid in accordance with the Pay Table stipulated in Rule 4.1.

 - 3.11.4 All "Pair Plus" wagers shall be paid in accordance with the Pay Table stipulated in Rule 4.3 irrespective of the Dealer's hand.
- 3.12 If the Dealer has a poker hand containing at least one Queen or one card of higher ranking than a Queen, the Dealer shall then compare his hand to each of the Player's hand and:
